Dear Friend,

In a time of reflection, we spent the beginning of our 2022-23 program year assessing what was most important to our Board, staff, and members. As we looked through all of our programs and services, as well as the needs of our community, one word continued to jump out to us: family.

In this spirit, we began this year with a focus on bringing families of all shapes and sizes together and providing them with the programming they want and need. This programming was inspired by Jewish values, which are truly universal values.

Going back to our roots and embracing family programming has proven to be extremely successful for us. Whether we're hosting a family festival, celebrating holidays, inviting families to participate in sports and aquatics together, or creating opportunities for caregivers and care receivers to have fun together, we have an activity for every type of family at the JCC. Family is something to be truly cherished, and we hope the work we're doing helps families across our borough get a chance to spend more quality time together doing activities they enjoy.

As you read through this report, you'll learn more about these programs, as well as the other work we're doing to have a positive effect in our community. Part of this success is thanks to working with community partners throughout the borough and beyond. These partnerships help strengthen our impact in a thoughtful and meaningful way.

You'll also see the impact of our donors, who continue to support us in doing this important work. Thanks to their generosity, the JCC will continue to provide services to meet the needs of Staten Island families for many years to come.

The JCC has been an important part of Staten Island for over 90 years, and we will continue to be there for our community going forward. Together, we are stronger.

Sincerely,

Susan Sappin
Board President

Orit Lender
Chief Executive Officer

CHILDREN & FAMILIES

EARLY CHILDHOOD EDUCATION

We provide Daycare, 3-K For All, and Pre-K For All for young children, available at four sites located throughout the Island.

FIRST FOOT FORWARD

Our preschool program is dedicated to assisting children 2.6 to 5 years old with developmental needs. We added two new classrooms at our Avis/South Shore location to serve even more families this year.

EXPLORERS AFTER SCHOOL PROGRAM

Our after school program for elementary and middle school students takes place at both the Bernikow Building and Hebrew Public Charter School. We also have an inclusion program for children with disabilities.

SCHOOL'S OUT

We host fun activities for kids in the Bernikow Building on days they are off from school.

The following educational programs are funded by the NYC Dept. of Youth & Community Development.

COMPASS AND COMPASS EXPLORE

The JCC COMPASS program at P.S. 65 provides after school programming for elementary school children in the North Shore area. The program complements the school day by offering academics, socialization, recreation, and the arts. COMPASS Explore is an educational theatre program intended to help children build self-esteem.

BEACON CENTERS

This after school program for middle school and high school students serves the community on the North Shore at I.S. 49 and on the South Shore at Tottenville High School.

CORNERSTONE CENTERS

Our three Cornerstone community centers are located in NYCHA facilities at the Gerard Carter Center, the Todt Hill Houses, and the Richmond Terrace Houses. These centers provide year-round out-of-school time activities for youth ages 5-21 and programs for adults 22+, including seniors.

ADOLESCENT LITERACY

The JCC offers an after school Adolescent Literacy program at Eagle Academy for Young Men, which helps struggling middle schoolers develop their reading, writing, and oral communication skills.

SONYC PROGRAM

Our SONYC program at Eagle Academy for Young Men serves as a pathway to success for middle schoolers. Structured like clubs, the model provides rigorous instruction in sports and arts, and requires youth leadership through service.

CAMPING

Fun is our tradition! For nearly 90 years, the JCC has been a leader in camping on Staten Island. We offer camps for children of all ages, interests, and abilities.

JCC DAY CAMP

Our traditional day camp gives children the opportunity to connect with nature in a fun, social environment. Camp includes swimming, sports, arts and crafts, music, trips, and more—all with an emphasis on universal values like kindness, respect, and inclusivity. Camp is open to all children, including campers with special needs.

MARVIN'S CAMP FOR CHILDREN WITH SPECIAL NEEDS

Our Marvin's Camp for Children with Special Needs and inclusion program are committed to providing an educational, creative, social, and safe environment for kids and teens with special needs.

SPECIALTY CAMPS

This past summer, we offered basketball, aquatics, and soccer camps for young athletes.

COMMUNITY-BASED CAMPS

We offer free camp programs at our Cornerstone, Beacon, and COMPASS sites, continuing the work we do at these sites throughout the year.

SUMMER RISING

This free program provides academic support and enrichment activities to children at risk of falling behind in school due to the pandemic. The program is run through a partnership with the Department of Education and the Department of Youth & Community Development.

“ Thank you for giving the kids summer and for keeping them happy and safe all summer long. ”

SUNRISE DAY CAMP

Sunrise Day Camp is the world's first full summer day camp for children with cancer and their siblings, provided completely free of charge. The Lucille & Jay Chazanoff Sunrise Day Camp-Staten Island, operated by the JCC of Staten Island, is the only day camp of its kind in New York City. The camp serves over 140 children ages 3-16 from Staten Island, Brooklyn, Manhattan, and nearby New Jersey. Activities include sports, music, arts & crafts, swimming, and other games.

The camp, which celebrated its 7th year on Staten Island, runs on the grounds of Staten Island Academy. Campers have access to two swimming pools and larger field space. To ensure the health and safety of all its campers, Sunrise has exclusive use of their own program areas separate from Staten Island Academy's summer programs. Sunrise operates with enhanced safety protocols in place to minimize the potential of any COVID-19 transmission at camp and offers a virtual option.

Recognizing the extraordinary financial demands that a child's chronic illness can have on a family, Sunrise Day Camp and its year-round and in-hospital programs, Sunrise Sundays and Sunrise on Wheels, are provided completely free of charge to campers' families. Sunrise Day Camp-Staten Island serves children with cancer and their siblings on a nonsectarian basis. We are a proud member of the Sunrise Association, whose mission is to bring back the joys of childhood to children with cancer and their siblings worldwide.

SERVING INDIVIDUALS WITH DISABILITIES

Taking good care of our community members with disabilities is a priority at the JCC. At the JCC, we believe that providing services to people with disabilities is a core component to everything we do, and we have a long history of creating programs to support their needs. Throughout our programs, the JCC offers inclusion opportunities wherever possible for individuals with disabilities so they can engage with their peers. We support the families of these individuals, too.

We are not alone in this endeavor—over 20 community partners offer their support for our work, including UJA-Federation of New York, the Butler Foundation, the Staten Island Borough President’s office, NYC Council Members, and OPWDD (Office for People with Developmental Disabilities). The JCC is proud to be a place where people of all abilities can feel safe and included, and most importantly, where they can learn and have fun.

FIRST FOOT FORWARD

A preschool, supported by the NYC Dept. of Education and Dept. of Health and Mental Hygiene, with speech, occupational, and physical therapy services available. We operate First Foot Forward at three different sites.

SELF DIRECTION

Individuals with disabilities choose the mix of supports and services that work best for themselves, such as JCC Membership, after school programs, and summer camp.

We offer inclusion opportunities in many of our traditional programs, including sports, camp, and after school programs, so that children and young adults with disabilities are able to take part in a wide array of activities.

DAY HABILITATION WITHOUT WALLS PROGRAM FOR YOUNG ADULTS

This year-round program offers social, recreational, and vocational activities at the JCC as well as in collaboration with our partner organizations. Young adults take part in activities such as delivering meals to the homebound, stocking our food pantry, and gardening. We also take trips to various museums and other cultural organizations. We engage our participants in opportunities to be healthy, social, and active members of the community with a maximum degree of independence. Our ultimate goal for our participants is to establish the groundwork for optimal success in achieving their highest potential as they transition into adulthood.
